## Section 4: Show Rules and Regulations

---

### Event Health Guidelines

As we come back together in Las Vegas in January, your safety, security and health are always a priority. Please review our [event health protocols](#) as you prepare for CES. We will continue to share updates with you and other CES audiences as plans evolve.

As you begin to plan your room layouts, please consider the following guidelines:

- Ensure your space has plenty of hand sanitizer that is visible and easily accessible
- Conduct frequent booth and product cleaning including regularly disinfecting surfaces and wiping down high-touch items such as demonstration equipment
- Ensure your design can accommodate proper social distancing, including:
  - Designated entrances and exits if possible
  - Accessible traffic flow within your booth
  - Socially distanced seating
  - Assigning personnel to monitor access into space and ensure social distancing; consider recommended [suite capacities](#)
- In lieu of a reception counter, consider using a virtual check in process for scheduling meetings

### Age Restriction

CES is a trade-only event for individuals 18 years of age or older and affiliated with the consumer technology industry. No one under the age of 18 is permitted at any time. Contact [CES Customer Service](#) at 866-233-7968 or +1-703-907-7605 (outside of U.S.) with any questions.

### **Americans with Disabilities Act**

Exhibitors acknowledge their responsibility under the Americans with Disabilities Act (ADA) to make their booth accessible to handicapped persons. Exhibitors shall indemnify and hold harmless CTA, CES and the show locations against cost, expense, liability or damage which may be incident to, arise out of or be caused by Exhibitor's failure to have their booth comply with ADA requirements.

ADA accessible buses are available during scheduled shuttle hours. Please request service at least 20 minutes in advance of desired pick up time. To arrange for your transportation, please contact [Kevin Berube](#) at 877-899-0986/401-294-0040 preshow or 702-943-3531 on-site.

### **Candles**

Candles must be battery operated. Open flames are not permitted.

### **Cash & Carry Policy**

CES policy strictly prohibits over-the-counter sales (i.e.: cash, check, or credit card). Only bona fide business orders for future billing, payment and delivery are permitted. This will be strictly enforced.

CES Show Management and representatives from the Clark County Business License office walk the show floor on show days looking for exhibitors violating this policy. If you are found in violation of this policy, CES Show Management will take steps to shut down your booth immediately.

### **Elevator Access**

All badged CES attendees will have access to hospitality suites from the elevators during show hours 9 AM-5 PM on show days, Jan. 5-8. Exhibitor is responsible for providing an elevator attendant to approve guests access to suites for functions outside of show hours.

### **Exhibit Attire**

CES is a trade only event and its attendees are business professionals from over 155 countries. To ensure that the show is a welcoming environment for all, Show Management expects that booth personnel/presenters/entertainers will be dressed in clothing considered appropriate and respectful for a professional environment. We recommend business or business casual attire.

Booth personnel must not be dressed in clothing that is sexually revealing or may be interpreted as undergarments, gender notwithstanding. Clothing that reveals an excess of bare skin, specifically genitals, chest or buttocks, must not be worn. Body conforming clothing that hugs genitals must not be worn. These guidelines are applicable to all booth staff, regardless of gender.

CES Show Management reserves the right to make determinations on appropriate exhibitor/presenter attire. If for any reason an exhibit and/or its contents are deemed objectionable by Show Management, Exhibitor will be issued a warning and asked to alter the attire of its employees, exhibit staff and/or models. If necessary, Show Management may issue a second warning and the Exhibitor may be asked to remove the individual(s) in question at Exhibitor's sole expense. Failure to comply will result in a loss of three (3) priority points.

Exhibitors with questions about compliance with these guidelines should consult CES Show Management in advance of the show.

### **Exhibit Space Contract**

CES exhibitors must abide by the rules set forth in the [CES Exhibit Space Contract](#).

### Firearms & Weapons

Firearms, ammunition or weapons of any kind, including replica, toy or simulated items, are strictly prohibited. Items that CES Show Management deems in violation of this rule must be removed immediately at the exhibitor's sole expense. Exhibitors with questions about compliance with this policy should contact [CES Operations](#) in advance of the show. Exhibitors intending to showcase or demonstrate such items that are gaming/AR/VR-related must contact [CES Operations](#) in advance for approval.

### Fire Regulations

Hanging items from or off of any of the sprinklers within a suite is strictly prohibited. Additionally, decorations are not permitted to block or otherwise interfere with fire sprinklers. Any resulting damages will be charged to the primary exhibitor occupying the suite.

All items including but not limited to, displays, signs, banners, decorative materials, structures, etc. must not exceed 6 feet in height. Signs and/or banners that are parallel to and within 12 inches of a wall may go up to a maximum height of 7 feet.

All decorations, drapes, hangings, signs, banners, acoustical materials, hay, straw, moss, split bamboo, plastic cloth, curtains, Christmas trees and similar decorative materials shall be flame retardant to the satisfaction of the Fire Department and State Fire Marshal. Canvas, cloth, cardboard, leaves, or similar combustible materials shall be completely flame retardant. Oilcloth, tarpaper, sisal paper, nylon, orlon and certain other plastic materials cannot be made flame retardant and their use is prohibited. An official fire resistance certificate must accompany all signage and/or materials. PVC materials of any type are strictly prohibited.

Flame certifications are required for all items and materials used in a suite. A copy of these certifications must be kept within the suite at all times and must be available upon request for review and inspection. Please refer to NFPA 703 and 701.

A clear egress path must be maintained from all points within the suite. This egress path must be a minimum of 36 inches wide and remain unobstructed at all times.

Candles, incense and/or any type of open flame is strictly prohibited. Use of these items will result in an immediate exhibit closure.

Venetian catering department deliveries to exhibit suites are permitted. However, sterno and other heat-producing or warming devices are strictly prohibited. Please take this into consideration when selecting from the menu and placing your order.

Due to regulations either implemented by the Venetian or as a result of local, county, state, or federal requirements, exhibitors agree to abide by any additional policies regarding exhibits as they may be in effect at the time of CES.

### Fire Safety

Flammable or combustible liquids are prohibited inside of buildings, except as approved by the Office of Fire Protection and Safety. Flammable thinners, solvents and paints, including aerosol cans are strictly prohibited within the building.

Compressed gas cylinders, including lpg, are prohibited unless approved by office of fire protection and safety. Flammable gases (i.e., butane, propane, natural gas, et al) are subject to prior approval. Non-flammable compressed gas cylinders must be secured in an upright position with gauges and protected against physical

damage.

All materials used in construction and decoration of an exhibit must be flame retardant. Fabrics must be certified as flame retardant or a sample must be available for testing. Materials which cannot be treated to meet the requirements may not be used. NFPA 701 is the accepted standard.

Contact [CES Operations](#) with questions.

### **Good Neighbor Policy**

CES has a Good Neighbor Policy in suites and other exhibit areas. All audio and video should be appropriate for a general audience. In the event of a complaint from any person on a exhibitor's content, CES Operations will investigate and determine if the content is offensive or inappropriate. If content is determined to be offensive, the exhibitor must cease use of such content. If the exhibitor refuses, or if another complaint is filed, CES reserves the right to shut off power until the exhibitor ceases use of the content. Repeated violations of this policy can result in expulsion from CES.

When planning events and demonstrations you are required to ensure traffic flow can continue at all times. Please take your exhibiting neighbors into consideration.

### **Height Limits for Suites**

All items including but not limited to, displays, signs, decorative materials, etc. must not exceed 6 feet in height. Signs and/or banners that are parallel to and within 12 inches of a wall may go up to a maximum height of 7 feet.

### **Hoverboards**

Wheeled transport devices (with or without motors) are not permitted at any CES venue. This includes Segways, hoverboards, skateboards, uniwheels, scooters and all similar products. Exhibitors are permitted to demo such products within the confines of their suite space.

Segways are permitted for ADA use only at the LVCC and Venetian Expo. They are not permitted at any other venues for any purpose.

### **Intellectual Property**

Exhibitor warrants that it owns the rights to or is licensed for all intellectual property (patent, copyright, trademark, etc.) to be used by exhibitor for promotion or exhibition at CES, and agrees to defend, at exhibitor's expense, and to indemnify CTA and/or CES for any action brought against CTA and/or CES and any cost incurred by CTA and/or CES, including court costs and reasonable attorney's fees, arising from or related to any dispute concerning exhibitor's intellectual property rights.

### **Literature Distribution, Giveaways, Surveys**

Literature, samples and giveaways must be disbursed from within your booth or contracted area. Surveys may not be conducted outside of your exhibit space. Corporate greeter sponsorships are available. Contact [Liz Tardif](#) with CES Promotional Opportunities at 703-907-7681 for more information.

CES discourages stickers as giveaways. Stickers are not permitted on aisle carpet, facility walls or floors, CES signage or any other space outside of your contracted exhibit area. Any damage caused by stickers is the responsibility of the exhibitor.

### **Live Animals**

Service animals as defined by the ADA and under Nevada's disability law are permitted at CES. Any other live animals, including but not limited to, pets, emotional support animals, therapy animals and animals used for demonstration are prohibited. Show management reserves the right to exclude service animals if they pose a direct threat to the health and safety of attendees at CES (i.e. aggressive behavior, not housebroken, or handler cannot control animal).

### **Performance of Music or Motion Picture**

If you plan to play copyrighted music or video in your booth, meeting room or suite, you may need to obtain a license from the copyright owner or licensing agency representing the copyright owner. Music or video being played for the sole purpose of demonstrating a product (speakers, headphones, TVs, monitors, other devices, etc.) is permissible without a license.

Licensing is required when music or video is being played for non-dramatic entertainment purposes (live or recordings such as CDs, DVDs and BluRay device).

CES has licenses with the American Society of Composers, Authors and Publishers (ASCAP) and Broadcast Music Inc. (BMI) which permit the performance of music from the [ASCAP](#) and [BMI](#) repertoires at your booth. The licenses do not permit the broadcast, telecast or transmission of music under any circumstances; nor do they authorize dramatic performances. CES does not have a similar licenses with SESAC; therefore, exhibitors wishing to play music from the [SESAC](#) repertory for entertainment purposes are solely responsible for obtaining their own licensing.

Adherence to these federally mandated copyright licensing laws is of critical importance. Please take a few minutes to ensure a hassle-free event by obtaining the proper licenses or ensuring that your music or video falls under the covered licenses.

### **Photography/Video Regulations**

Cameras and video equipment are permitted in suites. Exhibitors and attendees may take pictures/video within the show for purposes of company media pieces, marketing materials, etc. Under no circumstances will anyone be permitted to take pictures/video of an exhibitor's product without permission of the exhibitor. Exhibitors have the right to report to security any instance of inappropriate recording of company products or displays.

### **Product Demonstrations**

Product demonstrations are permitted. You are responsible for supervising the actions of all visitors and employees operating display equipment in their area. Activity of any kind must be confined within the suite. You may not set up in areas outside of their contracted space including, but not limited to, lobby space, empty booth space or walkways. Please refer to the [Outboarding Policy](#) for more information.

CES has instituted a No Tolerance policy. Demonstrations found to be objectionable due to noise level or vibration level (dB or SPL) or blocking traffic flow may be closed down at the discretion of CES Operations.

Please consider the [event health protocols](#) when planning your space.

### **Raffles & Games of Chance**

Any game of chance or raffle must be approved by the Venetian Expo (formerly Sands Expo) Compliance Department. Nevada state law prohibits any raffle or game of chance if money is involved. Exhibitors considering a raffle, game of chance or slot machine in their booth should contact [Jennifer Little](#) at the Venetian for more information and approval.

### Service of Legal Documents

Any exhibitor that plans to serve legal documents at CES must contact [CES Show Management](#) for the full policy and to coordinate service or delivery. Service or delivery of legal documents that is not coordinated with CES Show Management is prohibited on the CES exhibit floor, areas in proximity to the show floor and on the show venue premises and grounds.

### Smoking

In accordance with the Nevada Clean Indoor Air Act, smoking or vaping (e-cigarettes) is prohibited in exhibit areas.

### Sound Restrictions

A maximum noise level of 85 dB will be maintained on the exhibits floor, in meeting rooms and suites, a standard endorsed by the International Association of Expositions and Events (IAEE).

The CES noise abatement policy is as follows:

- All booth elements must remain within the officially contracted booth space. This includes all audio equipment, speakers, etc.
- Exhibitors demonstrating audio equipment in an open display should use a sound chamber or acoustically contained area to keep the sound level from intruding on any adjacent exhibits. Speakers of any kind must be directed toward the interior of the demonstrator's booth space. Speakers may not face aisles or neighboring exhibits.
- When demonstrating audio equipment within an enclosed demonstration room, subwoofers must be positioned away from walls that are adjacent to neighboring exhibits.
- Sonic vibration and sound complaints will immediately addressed by CES Operations. If a vibration or sound complaint is not resolved by the offending party, CES Operations reserves the right to shut down power immediately until the issue is resolved.
- Exhibitors are responsible for supervising the actions of employees, visitors or spectators testing display equipment located in their exhibit area.

CES Operations will intervene if necessary and reserves the right to shut down exhibits deemed objectionable. Floor managers in each show location will rove through the exhibit areas monitoring the decibel level during show hours. Measurements will be taken at a distance no greater than 10' from the offending display.

After measuring a continuous decibel level of greater than 85 dB, following a complaint being registered by a spectator, a neighboring exhibitor or personal observation by a roving designate, the following procedures will be strictly enforced as follows:

#### First Warning:

- Violating exhibitor will be given a written notification of the warning
- Booth power may be turned off for one hour

#### Second Warning:

- Violating exhibitor will be given a written notification of the 2nd warning
- Booth power may be turned off for one day

#### Third Warning (Final):
